

IT COMPUTER PARTS ASSIGNMENT

Each student is to disassemble a computer and document each part. They must find the exact name, explain the parts function in ‘real world english’ (as if you are explaining to a person who has very little photography knowledge). Finally they must find the replacement cost, and record the link where they found the part.

IT COMPUTER PARTS ASSIGNMENT

Part Name

Image of part

Part Explanation:

Donec egestas pretium metus eget aliquet. Donec eget lacus in risus hendrerit dapibus sed eget mauris. Aliquam erat volutpat.
